## New Time for Midweek Mass Begins Wednesday, August 17<sup>th</sup>

In order to streamline our scheduling at Holy Trinity Church for both services and priests, our Midweek Masses will begin at 10:00am starting Wednesday, August 17<sup>th</sup>, 2022. Please help us get the word out to everyone.

## Summer Sunday Bible College with Fr. Joslyn

Fr. Peter is leading the Sunday Bible College throughout the summer, with an introduction to Christian asceticism. *Asceticism: Christian self-discipline and avoidance of all forms of indulgence, in order to conform to life in Christ.* Please join Fr. Peter in Scott-King Hall for a summer of excellent study and growth in Christian faith.

## Security Measures at Holy Trinity Church

Holy Trinity Church has a security system with multiple emergency “panic” alarms, including those worn by the ushers and within reach of the priests serving the altar. These alarms, recently tested for accuracy, alert the police, located nearby, of extreme emergency. There are also cameras recording all entrances to the buildings. Furthermore, we have a highly experienced retired (young) police officer present at most Masses, ready to intercede if needed. Also, we are working with an experienced officer to develop further protocols for security. Finally, we lock many doors during services and will begin locking more of the doors to discourage unauthorized entrance. **If you arrive a bit late and find the door locked, just knock and an usher will happily open the door.**

## Holy Trinity Church (Slightly) Vandalized ☹️ *Keep Calm and Carry On!*

Last Sunday evening a man threw a piece of concrete at several doors and windows of the Chapel and parish hall in an effort to enter the buildings. Although he managed to break one pane of a double-paned window, the doors and windows held so that he was not able to gain entry. Rosemary Skidmore discovered the evidence (the piece of concrete) on Monday morning. Police reports were filed and repairs are underway. We were able to retrieve excellent video recordings of the incident from our security system. The man and his actions are clearly visible and the video has been given to the police. From the video we know this was not a hate crime or a political activist's act of violence. Rather, it was a random act committed by a man clearly suffering from physical and mental impairments. So, let's not make too much of the incident. Instead, let's *Keep Calm and Carry On!*
